We are pleased to confirm that your child completed the Informed & Empowered Online Course module titled 'Years 7 - 13 Healthy Relationships & Boundaries' in school today.

This module was to educate students to learn a little bit more about how to stay safer online and offline by helping them to:

- be able to identify different types of relationships and how they differ
- identify the key components of a healthy relationship
- identify the key components of an unhealthy relationships

The students were able to complete their own Safety Plan around this topic, and we would encourage you to go through this plan with them.

We also suggest the following tips to help keep your child(ren) safer:

- Keep all devices out of bedrooms.
- Make your home a safe place for children to ask questions and have big discussions.
- Install Filters/Monitoring apps in your home and on devices.
